the Animal Medical Center, New York and The Wildlife Conservation Society

Present

A Species-Spanning Approach to Medicine

NEW YORK Saturday, November 2, 2013

A conversation between physicians and veterinarians caring for the same diseases in different species

The Rockefeller University, Caspary Auditorium and the Bronx Zoo

Course Description

Comparative medicine once occupied a primary position in medical thought and education. Today, although the spectrum of clinical illness in humans and non-human animals overlaps tremendously, human and veterinary clinicians often operate in largely separate professional silos. The professions come together episodically around concerns such as emerging infectious diseases, zoonoses, and food safety. However, the connections between human and veterinary health and clinical practice extend far beyond these issues—a reality well known to veterinarians but less recognized by physicians.

One step to facilitate understanding of the global and species-spanning nature of illness and health is to facilitate introductions and engagement between clinicians and researchers on both sides of this "species-divide."

The 3rd Zoobiquity Conference is sponsored by the Animal Medical Center, New York, the Wildlife Conservation Society and the David Geffen School of Medicine at UCLA. The conference is designed to bring together leading clinicians and scientists in both human and veterinary medicine to discuss the same diseases in a wide spectrum of animal species, including people.

The intention of this cross-disciplinary conference is to create conversations and relationships between human and veterinary colleagues confronted with similar clinical challenges. By crossing disciplines in this manner, we can significantly expand the perspective of clinicians, scientists and patients about these shared disorders and broader health concerns.

The morning will begin at The Rockefeller University where veterinarians and physicians will discuss cases in the areas of oncology, psychiatry/behavior, infectious disease and neurodegenerative/neurological diseases.

Following the morning program, conference participants will board buses and travel to the Bronx Zoo to participate in "Walk Rounds" which will be led by the Wildlife Conservation Society's Zoological Health Program staff. The afternoon session will feature several fascinating veterinary cases with important comparative elements relevant to human clinical care. A cocktail reception at the Bronx Zoo's Schiff Family Great Hall will conclude the conference and participants will board buses back to The Rockefeller University.

Target Audience

This course is targeted to clinicians and scientists in the fields of medicine, veterinary medicine, evolutionary biology, public health, psychology and others.

Goals and Objectives

The goal of the conference is to facilitate understanding of the global and species-spanning nature of health. Our intent is that this conference provides a structure and program through which relationships can develop bridges across the "species divide" and from which a broader understanding of disease may emerge.

We hope that the development of these relationships around shared clinical challenges will lead to:

- Broader consideration of the epidemiology of disease (with implications for shared environmental triggers/exposures);
- Potential for new approaches to the diagnosis and treatment of disease in both animals and humans;
- New collaborations and novel hypotheses for investigation and
- > Greater appreciation for the shared biology and pathophysiology of humans and animals.

By extension, this points to the shared vulnerability of many species (including humans) to the same basic health threats—a message which speaks directly to the need for a global and species-spanning approach.

Faculty

Conference Chairs

Paul P. Calle, VMD, DACZM

Chief Veterinarian and Director of the Zoological Health Program, Wildlife Conservation Society President, American Association of Zoo Veterinarians

Richard E. Goldstein, DVM, DACVIM (SAIM), DECVIM-CA

Chief Medical Officer The Animal Medical Center, New York

Barbara Natterson-Horowitz, MD

Professor of Medicine, UCLA Division of Cardiology Director, Zoobiquity Research Initiative David Geffen School of Medicine at UCLA

The Animal Medical Center, New York

Nicole Leibman, DVM, MS, DACVIM (Oncology) Chief of Oncology

Chad West, DVM, DACVIM (Neurology) Chief of Neurology

Wildlife Conservation Society

Meredith M. Clancy, DVM Resident in Zoological Medicine & Surgery

Kenneth J. Conley, DVM, DACVP Associate Pathologist

D McAloose, VMD, DACVP Head, Department of Pathology

Robert P. Moore, PE, DVM, DABVP Associate Veterinarian

Jean A. Paré, DMV, DVSc, DACZM Associate Veterinarian

Bonnie L. Raphael, DVM, DACZM Head, Clinical Department

Tracie Seimon, PhD Molecular Scientist

John M. Sykes, IV, DVM, DACZM Associate Veterinarian

Featured Faculty

Evelyn Attia, MD

Clinical Professor of Psychiatry Director, Eating Disorders Research Program New York State Psychiatric Institute Director, Columbia Center for Eating Disorders Columbia University Medical Center

E'Lise Christensen, DVM, DACVB NYC Veterinary Specialists

Joan Coates, DVM, MS, DACVIM (Neurology) University of Missouri, College of Veterinary Medicine

Orrin Devinsky, MD

Director, Comprehensive Epilepsy Center Professor of Neurology, Neurosurgery and Psychiatry NYU Langone Medical Center and School of Medicine

Brian Fallon, MD

Professor of Clinical Psychiatry Director, Lyme and Tick-Borne Diseases Research Center Director, Center for the Study of Neuroinflammatory Disorders & Biobehavioral Medicine Columbia University

Harvey V. Fineberg, MD, PhD

President Institute of Medicine

Lisa Freeman, DVM, PhD, DACVN

Professor Department of Clinical Sciences, Nutrition Cummings School of Veterinary Medicine Tufts University

Richard Friedman, MD

Professor of Clinical Psychiatry Director of the Psychopharmacology Clinic Weill Cornell Medical College

Robert J. Kaner, MD

Associate Professor of Clinical Medicine and Genetic Medicine Division of Pulmonary and Critical Care Medicine Weill Cornell Medical College

Dale Lange, MD

Chair of Neurology and Neurologist-in-Chief Hospital for Special Surgery Professor of Neurology Weill Cornell Medical College President, New York State Neurological Society

Jay Lemery, MD

Assistant Professor of Emergency Medicine University of Colorado President, Wilderness Medical Society

Alice C. Levine, MD

Professor of Medicine, Endocrinology, Diabetes and Bone Disease Associate Professor of Oncological Sciences Mount Sinai School of Medicine

Ralph Nixon, MD, PhD

Professor of Psychiatry Director of Center of Excellence for Brain Aging Executive Director of The Pearl Barlow Center for Memory Evaluation and Treatment NYU Langone Medical Center

Larry Norton, MD

Deputy Physician-in-Chief for Breast Cancer Programs Medical Director, Evelyn H. Lauder Breast Center Norna S. Sarofim Chair in Clinical Oncology Memorial Sloan-Kettering Cancer Center

Elaine Ostrander, PhD

Chief & NIH Distinguished Investigator Cancer Genetic Branch National Human Genome Research Institute National Institutes of Health

Claire Panosian, MD, FIDSA, DTM&H (London)

Professor of Medicine Division of Infectious Diseases David Geffen School of Medicine at UCLA

Program Schedule

7:00 am

Saturday, November 2, 2013

Registration / Continental Breakfast / Poster Session

7:30 am	Welcome Remarks Barbara Natterson-Horowitz, MD Richard E. Goldstein, DVM, DACVIM (SAIM), DECVIM-CA Paul P. Calle, VMD, DACZM			
8:00 am	Keynote: Both Ends of the Leash—The Human Links to Good Dogs with Bad Genes (tentative title) Elaine Ostrander, PhD			
Note: The ca	ases below for the selected diseases are only samples. Actual cases to be determined.			
	Oncology			
8:30 am	Invasive Breast Cancer in an 8-Year-Old Golden Retriever, 19-Year-Old Amur Tiger and 57-Year-Old Psychotherapist Nicole Leibman, DVM, MS, DAVCIM (Oncology) D McAloose, VMD, DACVP Larry Norton, MD			
9:00 am	Questions and Answers			
	Psychiatry/Behavioral			
9:15 am	Anxiety Disorder in a 2-Year-Old Yorkshire Terrier and 21-Year-Old Barista E'Lise Christensen, DVM, DAVCB Richard A. Friedman, MD			
	Eating Disorder (Self-Induced Vomiting) in a 15-Year-Old Beluga Whale and 19-Year-Old Collegiate Gymnast Lisa Freeman, DVM, PhD, DACVN Evelyn Attia, MD			
10:15 am	Questions and Answers			
10:30 am	Break Poster Session			
	Infectious Disease			
10:45 am	Lyme Disease in a 6-Year-Old Bull Terrier and 41-Year-Old Tax Attorney Richard E. Goldstein, DVM, DACVIM (SAIM), DECVIM-CA Brian Fallon, MD			
11:15 am	Questions and Answers			
	Neurodegenerative and Cognitive Disorders			
11:30 am	Canine Cognitive Dysfunction in an 11-Year-Old French Poodle and Alzheimer's Disease in a 63-Year-Old Literature Professor Chad West, DVM, DACVIM (Neurology) Ralph Nixon, MD			

Degenerative Myelopathy in a 10-Year-Old Boxer and ALS in a 44-Year-Old Lacrosse Coach Joan Coates, DVM, MS, DACVIM (Neurology) Dale Lange, MD

- 12:30 pm Questions and Answers
- 12:45 pm BOARD BUSES AND DEPART FOR BRONX ZOO (boxed lunch provided)

Bronx Zoo

2:30– "Walk Rounds" at the Zoo 4:30 pm

Seizure Disorder in an Aged Male Gorilla Bonnie L. Raphael, DVM, DACZM Orrin Devinsky, MD

Environmental Change and Amphibian Health Tracie Seimon, PhD Jay Lemery, MD

Pica in a California Sea Lion John M. Sykes, IV, DVM, DACZM Evelyn Attia, MD

Malaria in Penguins and People

Jean A. Paré, DMV, DVSc, DACZM Claire Panosian, MD, FIDSA, DTM&H (London)

Gait Disturbance and Spinal Cord Lesions in a Siberian Tiger

Kenneth J. Conley, DVM, DACVP Dale Lange, MD

Immunodeficiency and Respiratory Fungal Infections in Pheasants and Humans

Robert P. Moore, PE, DVM, DABVP Robery J. Kaner, MD

Feminizing and Virilizing Tumors of Domestic Ferrets Meredith M. Clancy, DVM Alice C. Levine, MD

Tour of the Bronx Zoo's Wildlife Health Center WCS Veterinarians and Staff

- 4:30 pm Closing Remarks Harvey V. Fineberg, MD, PhD
- 5:00 pm Cocktail Reception

6:15 or Board Buses Back to The Rockefeller University 7:00 pm

Program Organizers

General Information

Fee

Early-Bird Registration before September 6, 2013 \$285, Early-Bird Regular \$140, Early-Bird Students (ID required) Early registration is recommended as space is limited.

Registration on and after September 6, 2013 \$300, Regular \$165, Students (ID required) Seats are limited. On-site registration available only if seats are available. Call (310) 794-2620 for more information.

Conference Location

Morning Session The Rockefeller University Caspary Auditorium 1230 York Avenue New York, NY 10065 Phone: (212) 327-8000

Afternoon Session (transportation provided) Bronx Zoo 2300 Southern Blvd Bronx, NY 10460 (718) 220-5100

Enrollment

Online

Go to www.cme.ucla.edu/courses, click on Zoobiquity, and click the registration button. You may use your MasterCard, VISA, American Express or Discover card to register online.

By Mail

Use the form attached. Mail to the UCLA Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, Zoobiquity, 10920 Wilshire Blvd., Suite 1060, Los Angeles, CA 90024-6512.

By FAX

Send the completed enrollment form with credit card information and authorizing signature. FAX (310) 794-2624.

By Phone

Use your MasterCard, VISA, AMEX or Discover Card. Call 310-794-2620.

For questions email: eayala@mednet.ucla.edu. Please visit our website for other UCLA CME offerings: www.cme.ucla.edu

Directions & Parking

The Rockefeller University shares the intersection of York Avenue and East 68th Street with Memorial Sloan-Kettering Cancer Center and New York-Presbyterian Hospital/ Weill Medical College of Cornell University. The university's main entrance is at 1230 York Avenue (at East 66th Street) on Manhattan's Upper East Side.

Public Transportation

<u>Buses:</u> Two buses stop near the main entrance: the York Avenue/ 57th Street crosstown (M31) and the 68th Street crosstown (M66).

<u>Subway:</u> Take the Lexington Avenue Local (No. 6) to the 68th Street and Lexington Avenue Station and walk east.

<u>By Car:</u> Take the FDR Drive to the 61st Street exit (Northbound) or the 63rd Street exit (Southbound) and follow York Avenue to one of the parking garages listed below.

Parking

Greenberg Garage at New York-Presbyterian Hospital 212-746-1886 (entrance at 68th Street, east of York Avenue, \$38.00/day).

Quick Park at 450 E. 63rd Street (between York and 1st Avenue, \$23.70/day).

Refunds

Cancellations must be received in writing by Friday, October 4, 2013 and will be subject to a \$50 processing fee. No refunds will be granted after that date. If, for any reason, the course must be canceled, discontinued, or rescheduled by the Office of Continuing Medical Education, a full refund will be provided.

Additional Information

If you have any questions, please contact the UCLA Office of Continuing Medical Education at (310) 794-2620.

Accreditation

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA designates this live activity for a maximum of *7.5 AMA PRA Category 1 Credits*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This program has applied for RACE Continuing Education Credits. Approval is pending.

The Animal Medical Center (AAVSB RACE Provider # 429) is accredited by the American Association of Veterinary State Boards (AAVSB) to sponsor Registry of Approved Continuing Education (RACE) courses for veterinary practitioners. This program has been submitted (but not yet approved) for AAVSB RACE hours pending of continuing education credit in jurisdictions which recognize AAVSB RACE approval; however participants should be aware that some boards have limitations on the number of hours accepted in certain categories and/or restrictions on certain methods of delivery of continuing education.

Disclosure Statement

The FDA has issued a concept paper which classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is "truly independent" and free of commercial influence. In addition to independence, the FDA requires that nonpromotional, commercially supported education be objective, balanced, and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program's participants. In addition, Accreditation Council for Continuing Medical Education policy now mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. We, at UCLA, fully endorse the letter and spirit of these concepts.

Registration Form

ZOOBIQUITY Fees are as follows:	Course Number: M134-7 Fall 2013						
arly-Bird Registration before September 6, 2013 Sarly-Bird Regular \$140, Early-Bird Students (ID required)							
Registraton on or after September 6, 2013							
	🖵 \$300, Regular						
	□ \$165, Students (ID required)						
Tuition includes registration in the program, syllabus, continental breakfast, break, boxed lunch, afternoon portion at the Bronx Zoo (including transportation), and cocktail reception. It also includes free admission into the Bronx Zoo (badge required) and tour of The Animal Medical Center (sign-up required) on Sunday, November 3, 2013. For more information, contact skwankwan@ucla.edu.							
Total:							
-	e afternoon portion at the Bronx Zoo. icant walking. Please be sure to wear appropriate attire.
